WHAT DIFFERENTIATES US?!

Our differentiators define those aspects of our business that make us stand out from our competitors. Closely aligned with our core values, these brand attributes reflect what our clients tell us in person.

EXTENSIVE TRACK RECORD

We have an extensive track record in carrying out support service projects with over 800 clients in KSA. Our mobilisation strategy delivers continuity from day one of the service delivery and it is imbedded in our core skills.

This is culminated by **Innovation Engineering** Group being granted by the Ministry of Labour a licence to be one of a few suppliers of skilled and unskilled labour to the Ministry. To achieve such an accolade, demonstrates the confidence the Government has in our capabilities and the resources we are able to provide.

WHAT DIFFERENTIATES US?!

CUSTOMER FOCUS

We adopt an open partnership approach with our clients working closely and transparently to address challenges and proactively ensure quality and timely service delivery. Close supervision, adequate resourcing, a proactive approach and strong coordination are at the heart of our operating philosophy. We only take on projects and systems we know we can deliver to a high level of ability and quality.

SYSTEMS EFFICIENCY

A proven CAFM system that will develop plan schedule and report reliable data for both our own operations as well as particular needs of JGC.

QUALITY

A quality team with system manual and extensive SoP's for quality and safe service delivery. Dedicated Quality audits, regular training programs and performance reviews with our client.

CAPABILITY, KNOWLEDGE EXPERIENCE

We employ people who have knowledge and experience. Our people share a work ethic dictating something worth doing well; an enthusiasm that means nothing is ever too much trouble; and a willingness to get our hands dirty. We have the technical capability which is relevant to your requirement.

WHAT MAKES OUR SERVICES SPECIAL?!

HARD SERVICES:

Trained & Expert Staff: ISG provide the right staff who can perform the required services with high standard and professional finishing

Sustainability: ISG working to achieve the client's needs without effecting the business core and insure the business continuity with Minimum Risk

Competitive price with better Services: ISG provide their clients with competitive prices with a high standard of professional services

Customer Relationship: ISG deal with clients as partners which improve business relations and increase client trust

Innovation: ISG have specialist & expert employees which create new Ideas, methods and techniques to help improve our client's services & business

Management Response & Approachability: ISG management care about our clients for that all communication channels are open

WHAT MAKES **OUR SERVICES SPECIAL?!**

JANITORIAL SERVICES

COMMITMENT TO EXCELLENT CUSTOMER SERVICE

In this competitive world, Innovation Engineering and Duraclean stand out because of our commitment to customer service. If a client contacts us with a concern, we will respond as quickly as possible! In a service-oriented industry like ours, being able to provide superior and responsive customer service will make up for many misgivings and make us stand out from the crowd of other regular cleaning companies...

Another part of customer service which is a particularly priority for Innovation Engineering and Duraclean is being able to handle the immediate

JANITORIAL SERVICES

COMMITMENT TO EXCELLENT CUSTOMER SERVICE

needs of clients and responding well to them. Has there been a large sandstorm? Innovation Engineering can be on the spot with the appropriate equipment to clean up drifting sand and clean windows after rain events.

LANDSCAPE AND PEST CONTROL

Nothing would stop us from navigating our boat safely under different weather conditions, toward innovative and advanced services, with sustainable objectives of smart solutions, bind with hard team work, personnel development, and ultimately, customer admiration leading to market expansion.
